cost of the service for some
limited protection by the
agencies involed?

Director Staff FEDERAL RELCTION COMMISSION SUPPLY INFORMRATMATION TO
APPROATE AGENCY OR PERSON
999 E. ST. NW
Wasington D. C. 20463

Dear Director and Staff, Federal Election Commission,

I am running for Peesient of the dSA and will file in Oklahoma City
at the state capitol there Monday early around eight am, Dec 3.

I have encountered a probelm which I need to make you aware of now.

On Noember 8, I went to the Midwest WUst City Post office
idwest CityMOK and returned fromthere after mailing my items to my own
ersonal mail box on the grounds of the apartment complex where I
Live Woodside Village Apts, 8623 E. REno Avenue, Apt 5, Midwest City OK 73110
There were three men two with leaf flowers working about thrity feet away
as I cam up the walkway to the Post office box that is mine as I got my key and opened
he box, I was sparedw ith dusk grit, tiny rocks and leaf & debeis. One of the
men with a leaf blower came up on one side of me and
the otheron the other side with hisleaf blower operating and sprayed be both
f the from both sides incuding my face, eyesi et.

I couold understand this being an accident if one person had been involed but to have o
weld with a supervisor present who was suposed to watch t-hem, I find it
nlickly whis was an accident. Apercsone running for office can get few potes
if he is blind.

I contact-ed t-he Midwest City eepartment andthey said as far as they could determine
t was an accident hence they do not plan to do anything about it and I can not findout
he names of the poeople involed or the compnay theyworked for. Thhis id descibed int he copie
fo information and report sent to the Midwest Polic Dept and to the Attorney Gernal of
Oklahoma, the latt-er has not replied to my letter yet.

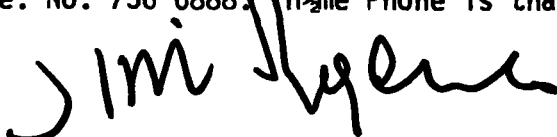

I am inclsing copies of the photos of turck involed used by the thre e men and appeared
o be their comnay turck and Iwas otld theyworked for a contractor who name they would not
ie to me so if gt was an accident why all the secrecy in the matter. However if I was attack
because of my polical activity that is a completely other
atterm I am of the opinion I need some protection from theFBI, the sEcret SErvice
or other agency like the Marshalls service of the uS initially in this matter and for
ort-ection until I am better reconized and publicised as acandidate.

Copies of the phots are incled of the truck involved, for your consideration.

Thank you for this and any other help you may give to me in this matter. My phone Numb
s Area Code 405, Phone. No. 736 6888. Hme Phone is that number.

Sincerely,

Jim Rogers, for President
